## 3-D EFFECT

### 3-D effect on canvas

Make your own individual 3-D works of art with Effekt Sne and Acryl Satin. It is easy and fun to work with for both children and adults.

#### How to make the happy little man:

- Fill up Effekt Sne onto the canvas.
- Draw the motif in the wet paste. The head and one of the eyes of the above figure have been drawn by using the end of a brush.
- Then use Effekt Sne in tubes. The mouth, the other eye, arms and legs have been applied by using the tube.
- Allow the picture to dry – app. 24 hours.
- Colour the picture by using Schjerning Acryl Satin. You can select from a range of more than 50 beautiful, covering colours.
